

## The Stipendium Hungaricum Scholarship Programme 2021 - 2022

**Código de Beca:** 2399

**Nombre:** The Stipendium Hungaricum Scholarship Programme 2021 - 2022

**Descripción:** **Mission of the Programme**

Hungary provides high quality education with a safe and friendly living environment in the heart of Europe. Hungary is also within the top countries with the highest number of scientific Nobel Prize Winners per capita and numerous scientific inventions from Vitamin C to Rubik's cube and so on.

The Stipendium Hungaricum Scholarship Programme was launched in 2013 by the Hungarian Government and is co-ordinated by Tempus Public Foundation since 2015. The programme is based on bilateral educational cooperation agreements signed between the Ministries responsible for education in the sending countries/territories and Hungary or between institutions. Currently more than 70 Sending Partners are engaged in the programme on 5 different continents, and the geographical scope of the programme is spreading each year. The scholarship scheme aims to satisfy the growing demand of international students to study in Hungary, producing increasing numbers since the launch of the programme, and also supporting the overall internationalization of Hungarian higher education.

Since 2013, the number of Stipendium Hungaricum scholarship holders has grown significantly, at the same time increasing the ratio of self-paying international students in Hungarian universities. Between 2013 and 2019, the ratio of international students studying in Hungarian higher education institutions has doubled, and the ratio of Stipendium Hungaricum scholarship holders among them has quadrupled. As a result, the number of study programmes taught in foreign language(s) has tripled in Hungarian universities since 2015.

The number of both Stipendium Hungaricum applicants and awardees is continuously increasing, as well as the number of available scholarship places. In 2020, more than 35 000 applications were received and more than 5000 scholarships were awarded, showing that since its launch, the Stipendium Hungaricum scholarship has become a programme of excellence.

The Programme is managed by the Ministry of Foreign Affairs and Trade and co-ordinated by Tempus Public Foundation.

### **Study Levels**

Stipendium Hungaricum scholarships are available for bachelor's, master's, one-tier master's, doctoral, and non-degree programmes (preparatory and specialisation courses). Please note that this Call for Application is for **bachelor's, master's, one-tier master's and non-degree programmes only**.

Important note: applications are only accepted for bachelor's, master's, one-tier master's and non-degree programmes OR for doctoral programmes; therefore please consider carefully your selected programme(s).

**Tipo de beca:** Parcial

**Fecha de vencimiento:** 15/01/2020

**Requisitos:** **Eligible Sending Partners**

The Stipendium Hungaricum Programme is based on effective bilateral educational cooperation agreements between the Hungarian Ministry of Foreign Affairs and Trade or its legal predecessor as regards the Stipendium Hungaricum Scholarship Programme, the Ministry of Human Capacities, and the partner's Ministry responsible for higher education. Applications will be considered eligible only if the applicant is nominated by the responsible authorities of the Sending Partner (AUCI).

#### **Available Host Institutions and Study Programmes**

At this levels, 31 Hungarian higher education institutions are engaged in the Stipendium Hungaricum Programme for the 2021/2022 academic year with more than 350 study programmes in foreign languages (more than 300 of them in the English language). Study programmes are generally available in the English and Hungarian languages, with some programmes offered in German and French as well.

The available study programmes and Host Institutions are accessible in the online application system (<https://apply.stipendiumhungaricum.hu/>).

Please note that you can only apply for these study programmes within the frameworks of the Stipendium Hungaricum Scholarship Programme.

#### **Order of Selected Study Programmes**

In addition to the first choice of study programme, there is an opportunity to apply for an additional, second study programme. Therefore, each applicant can apply for up to TWO different study programmes, in order of preference. These two study programmes can be both at the same Host Institution and at different

Host Institutions; it is the applicants' decision.

The order of preference is essential. During the application process, the first selection and examination process will be conducted for the study programmes selected as the first choices of the applicants. The first priorities will be considered first and then, only the remaining free places will be filled with those applicants who are not approved for their first choice of programmes. In this way, the chances of receive the scholarship are relatively higher for the study programmes selected as first choices because there are more free places at that time.

Please note that after submitting the application, the selected programmes (including the study language and the study mode!) and the order of preference cannot be changed by the applicant! We strongly advise all applicants to carefully check the minimum entry requirements of the study programmes and take time to decide on the order of the two programme preferences. We also highly encourage the applicants to increase their chances of receiving the scholarship by apply for not only one but two study programmes in total.

#### **Language of Study Programmes**

Applicants are eligible to apply only if they meet the minimum language criteria set by the chosen Host Institution. Please visit the online application system (<https://apply.stipendiumhungaricum.hu/>) to see the exact language criteria for each study programme!

A) Study programmes taught in English and other foreign languages

level of English proficiency determined by the Host Institution

B) Study programmes taught in Hungarian language

i) applicants with at least an intermediate (B2) level of Hungarian language knowledge

minimum level of knowledge: level of Hungarian proficiency determined by the Host Institution

language preparatory year: none if the language certificate is uploaded

ii) applicants with basic or no Hungarian language knowledge

minimum level of knowledge: level of English proficiency determined by the Host Institution, usually basic level

language preparatory year: yes, obligatory one-year Hungarian language preparatory course

#### **Note about language choice in the online application system:**

The study programmes are listed as foreign language programmes in the online application system by default. However, if you wish to study in Hungarian language, you need to answer the "Do you speak Hungarian and plan to perform your studies in Hungarian?" question on the application form with "Yes,

I speak Hungarian and I would like to study in Hungarian.” If you select this, you can only be considered for studies in Hungarian language, therefore please be cautious when filling out the online application form.

### **Studies in English or Other Foreign Language**

Students shall have a level of proficiency in the language of education as required by the Host Institution. The applicants need to directly apply for the study programmes in the online application system.

### **Studies in the Hungarian Language**

Those applicants that have at least intermediate (B2) level knowledge of Hungarian can apply to Hungarian study programmes directly. A copy of the proof of at least a B2 level knowledge has to be uploaded as part of the application in the online system. Please note that if you apply only to Hungarian study programmes directly, but fail to upload the proof of at least a B2 level knowledge of Hungarian, you cannot be admitted to any places. If you wish to apply for a Hungarian language programme, you need to select your choice of programme in the online application system and answer the “Do you speak Hungarian and plan to perform your studies in Hungarian?” question on the application form with “Yes, I speak Hungarian and I would like to study in Hungarian.”

Those applicants that do not have at least an intermediate (B2) level knowledge of Hungarian shall complete an obligatory one-year preparatory language course of Hungarian before starting their degree courses. For this, the applicants are usually required to have at least basic level of English proficiency. In the online application system, the applicants need to apply directly for the preparatory course (and NOT for the degree programme they wish to start after the language preparatory year). To see all Hungarian language preparatory courses and entry requirements, please check the online application surface (<https://apply.stipendiumhungaricum.hu/>)

### **Preparatory and Specialisation Courses**

Besides full degree programmes, full-time non-degree programmes are also available within the programme in certain cases, for up to one year. Please read this section if you are applying for study programmes in the field of Music or Engineering

Preparatory courses are non-degree programmes before starting a bachelor or master level degree programme at a Host Institution (both with the scholarship). Specialisation courses are non-degree programmes after completing a bachelor or master level degree programme, therefore it is for those who already have a degree.

Regarding the preparatory courses, applicants can ONLY apply for Hungarian language preparatory programmes. Even these preparatory courses can ONLY be applied for if the student wishes to continue his/her degree studies at a Hungarian language programme after the preparatory year. After completion, it is not possible to continue the studies in English or other foreign languages. Please see Section 2.5.2. for further details about this.

However, ONLY in case of English language full degree study programmes in the field of Engineering and Music, during the institutional entrance examination process and based on the professional evaluation of the applicant, the Host institutions have the right to make the decision to admit the applicant for a preparatory course (up to 1 year) before they can actually start their full degree programmes. This is only available for a preparatory course before bachelor and master level programmes in the field of Engineering and Music. Applicants, therefore, cannot directly apply for preparatory courses in English language; it is always the Host Institutions' decision if a professional preparation year is necessary or not.

Specialisation courses conducted in the English language are ONLY available in the field of Music. Applicants should directly apply for these in the online application system. To see the specialisation courses and entry requirements, please check the online application surface (<https://apply.stipendiumhungaricum.hu/>)

**Important note for self-financed students already studying in Hungary:**

Those applicants who are registered self-financed / fee-paying students of a Hungarian higher education institution at the time of the application deadline AND who are now applying for the same study level are only eligible to apply for the Stipendium Hungaricum programme if

\* they are recommended by their Hungarian host universities where they are studying at the time of application, AND

\* if their cumulative, corrected sum average ("összesített korrigált kreditindex") is higher than the students' average performance in the particular study programme ("szakátlag").

For example, self-financed master students enrolled in Hungary can apply to continue their studies with the scholarship on the same master level only if they are recommended by their university and their cumulative, corrected sum average is above average.

**Non-eligibility**

Applications will not be considered in the following cases:

\* Hungarian citizens (including those with dual citizenships), persons granted a refugee status (“menekült”), persons enjoying temporary protection (“menedékes”), persons admitted for subsidiary protection (“oltalmazott”) and persons granted humanitarian protection (“befogadott”),

Please note that this requirement is not only for applicants but for Scholarship Holders as well; it means that, e.g., if you obtain Hungarian citizenship or refugee status during your studies in Hungary, you automatically lose your scholarship status.

\* Applicants with a citizenship different from the sending country/territory. For example, only Brazilian citizens can apply through the Brazilian Sending Partner.

\* Applicants born after 31 August 2002 (= applicants under 18 years old as of 31 August 2020 except applicants applying for Dance study programmes,

\* Applicants applying for a doctoral programme within the SH programme in the same application round

\* Those applicants who are registered self-financed / fee-paying students of a Hungarian higher education institution at the time of the application deadline AND who are applying for a study level below their self-financed studies. It means that:

- self-financed master students of a Hungarian higher education institution cannot apply for bachelor studies, and

\* Those former Stipendium Hungaricum Scholarship Holders who were awarded scholarships for full degree studies and who

page 8 / 25

- are now re-applying for full degree or partial (exchange) studies in the same cycle of education (non-degree studies, bachelor, master, one-tire master level) –(therefore, those Stipendium Hungaricum Scholarship Holders can apply for the programme who apply to continue their studies at a different cycle of education, e.g. bachelor Scholarship Holders can apply for master studies!)

- or who are now re-applying for the programme for any cycles of education while they still have a scholarship status at the time of application (unless they withdraw their former scholarship before the application deadline) and will not receive their degree until 31 August 2021

- or who have postponed the start date of their scholarship studies and did not withdraw their scholarship before the current application deadline.

\* Those former Stipendium Hungaricum Scholarship Holders who were awarded scholarships for partial (exchange) studies and who

- are now re-applying for partial (exchange) studies in the same cycle of

education (non-degree studies, bachelor, master, one-tier master level) –(therefore, those Stipendium Hungaricum Scholarship Holders can apply for a different cycle of education, e.g. former bachelor Scholarship Holders can apply for master partial (exchange) studies if they are now master students in their home countries!)

\* Those former Stipendium Hungaricum Scholarship Holders who were awarded scholarships in the the 2020/21 application round, but after accepting their scholarship, did not travel to Hungary and did not start their studies, nor did they notify Tempus Public Foundation of this fact.

Please note that it is only possible to re-apply for full degree scholarship studies in the same cycle of education if the former Stipendium Hungaricum Scholarship Holder was previously awarded partial (exchange) studies. Even in this case, the length of the full degree scholarship shall be reduced by the length of the previous partial (exchange) studies.
