

## **Animal Production and Resource Management for Food Security, Sustainable and Creative Economy**

**Código de Beca:** 2033

**Nombre:** Animal Production and Resource Management for Food Security, Sustainable and Creative Economy

**Descripción:** **TICA : Thailand International Cooperation Agency**  
is a national focal point for Thailand's international development cooperation. TICA was established in 2004 to realize Thailand's aspiration to be a contributor of development cooperation. Believing that global challenges are best addressed by international cooperation and global partnership, today we continue to strengthen our contribution to achieve global development agenda through various capacity-building and human resources development programmes. In response to the recent changes in the global landscape of development cooperation, especially through the concept of South-South and Triangular Cooperation, TICA continues to realign our focuses in order to deliver Thailand's commitment to be a relevant partner in global agendas including the 2030 Agenda for Sustainable Development.

### **Khon Kaen University**

Khon Kaen University (KKU) was established in 1964 and has been the major university in the Northeast of Thailand. The University is also one of the nine national research universities in Thailand and an educational center in the Mekong sub-region. KKU currently has over 40,000 students (including 500 overseas students), studying in 17 faculties, 1 satellite campus, 1 school, and 3 colleges and in 43 International/English programs which cover a wide variety of disciplines. This training course will be conducted by the Faculty of Agriculture. The Faculty is fully equipped with advance laboratories, one on-campus, two off-campus research stations, fives Research Excellence Centers and ten Research Groups.

### **AITC : Annual International Training Course**

was initiated in 1991 as a framework in providing short-term training for developing partners. Today, the AITC remains one of TICA's flagship programmes. It offers not only a training experience, but also a platform in exchanging ideas and establishing professional network among participants from across the developing world. Aiming at sharing Thailand's best practices and experience to the world, the AITC training courses focus on development topics of our expertise currently categorized under five themes namely; "Sufficiency Economy Philosophy" or SEP, Food Security, Public Health,

Climate Change, and Other topics related to Sustainable Development Goals (SDGs).

### **AITC Theme : Food Safety**

This training course falls under the AITC theme –“Food Safety”. “Ending Hunger” is very fundamental to global development progress. Through decades-long effort in eliminating hunger and malnutrition, Thailand has successfully reduced the number of hungry and malnourished people by 75% and the figure is still falling. The progress earned Thailand an award from the Food and Agriculture Organization (FAO) for outstanding contributions to global food security, nutrition and sustainable agriculture. The AITC courses under the theme “Food Security” are part of Thailand’s commitment to work with the international community to achieve SDG goal # 2 on Zero Hunger.

**Fuente principal:** Tailandia

**Fuente secundaria:** -

**Tipo de beca:** Parcial

**Fecha de vencimiento:** 03/08/2020

**Requisitos:** **General criteria**

Candidates must possess qualifications as specified in “Guideline for Thailand’s Annual International Training Course Programme” No. 2 “Qualifications”
